FOOTBALL GOALS

*Pole padding sold separately

STEEL GOALS

- Goals are all steel and constructed of 4½" OD gooseneck, 3½" OD crossbar and 2¾" OD uprights
- 8' Gooseneck allows a soccer goal to fit beneath the crossbar
- Durable powder coat finish available in white or optic yellow

Ground Sleeve Installation

FB36120CXX	6' Offset, HS Crossbar, 20' Uprights	\$6645/pr

F35550	Mounting Plate	\$672/ea

COLORS

ACCESS FRAME KIT

This kit provides effortless access to the base of a football goal for easy installation, adjustment, or removal. The access frame creates a uniform, seamless surface around the goal post for improved safety. Kit includes access frame and pole plugs that fit around a goal post with a diameter up to 6". For safety, a solid plug is strongly recommended for use when the goal post is removed. Each goal post requires one kit. Blank metal allows track surface application for continuity in D-Zones.

F304	Access Kit - Turf Covered	\$430
F3045	Access Kit - Blank Metal	\$388
F30410	Access Frame Only	\$268
F3042	Pole Plugs - Turf Covered	\$176
F3043	Pole Plugs - Blank Wood	\$204
F3044	Pole Plugs - Blank Metal	\$145
F3045	Solid Plugs - Turf Covered	\$155
F3046	Solid Plugs - Blank Wood	\$65
F3047	Solid Plugs - Blank Metal	\$124

FOOTBALL STOPPER SET

This football stopper set is designed to keep fans and bystanders safe from field goals and extra points. Installed behind each football goal, the 35' x 50' net can be raised and lowered with ease during a game or stationary during practice. Set includes two stoppers (1 for each goal).

F350 **\$8035**

ALUMINUM GOALS

New goals have a cleaner look and are redesigned for an easier installation that eliminates field drilling.

- 6 $\frac{5}{8}$ " Gooseneck and crossbar with 4" diameter uprights
- 8' Gooseneck allows a soccer goal to fit beneath the crossbar
- Durable powder coat finish available in optic yellow (18) or white (04)

VERSACOM BOXES

CONNECTING IT ALL TOGETHER

The VersaCom Box provides a junction for electricity and cable hookups. This box can be put in virtually any location around performance areas of varying surfaces. The open bottom of the VersaCom Box provides adequate drainage and conduit entry, while the hand holes in the cover allow easy access.

- Divider plates in full size version, provided to help keep electrical equipment segregated
- Main box structure is made of 1/4" thick folded aluminum
- Lid is constructed of 1/4" aluminum plates for maximum support and durability

The VersaCom Box - Turf Version features factory installed turf infill retention brushes keep infill out of the box. A supplied aluminum top allows artificial turf to be glued on the jobsite, and is tethered to the box. This top is reinforced with multiple aluminum plates for maximum strength and durability.

The VersaCom Box - Synthetic Version allows material to be bonded or poured onto the top of the lid to match the surrounding surface. The F91033 and F93033 versions have black Vultrak bonded to the lid. This addition is usually for asphalt applications (this material can also be painted).

SOLD SEPARATELY

VERSACOM RISER

The VersaCom Riser has the same dimensions as a full-size VersaCom Box. The riser attaches to the bottom creating a box that is twice as deep.

F90010 Versacom Riser **\$499**
